Tuesday night Paddling Season who's who

Here's a quick reminder of who is in the running this year for the Presidents cup.

This year we had over 80 unique paddlers compete on Tuesday evenings and of those 38 of them did 10 or more paddles and are therefore eligible to win the Presidents cup.

This was 9 more than last year.

Lets have a look at who they were;

Historic Time Trial Participation

Each year we recognise those paddlers who have reached milestones in terms of the number of CRCC Tuesday night time trials they have participated in.

The count only considers nomination and 3 week PB time trials (not count down races or team boats).

So
